VOTE 44-1 FOR NEW SYSTEM AT STATE REQUEST

(Continued from Page One)

nor declared, but said that in face of the tremendous relief funds which will be available to Wood county he favored the plan now.

He read the resolution which said "that this county of Wood does hereby adopt the county system of support and relief of poor in said county as set forth in Section 49.15 of the Wisconsin Statutes of 1931" and further that "we conform with the ruling of the state industrial commission." The resolution also called for the appointment of J. W. Natwick, this city; G. H. Bulgrin, Marshfield, and William Braun, Dexter, as a nominating committee to name a committee of five members of the board to "be known as an advisory committee for the purpose of administering poor relief."

Could Change System

Supervisor F. D. Abel, this city, asked if the board would be held to its decision for any definite period and if it would be possible to change back to the town system in the spring if the county system was found undesirable. He was answered by Mr. Connor who said it would be possible to change back.

Supervisoir Ed. Haas, Sigel, asked how much additional would have to be placed in the budget and he was answered by Supervisor H. E. Hoerl, a member of the special committee, who said "It will effect our budget, but will result in cuts in the municipalities' budgets."

Supervisors A. E. Bennett, Cranmoor, and W. W. Clark, Hansen, took part in the discussion, both of them pointing out that they had always been opposed to the county system. Supervisor Hoerl said that the industrial commission had assured the committee that intercounty bills and interstate bills would be wiped out more easily under the new system. Ed. Haas asked about co-operation between city and town poor officials and Supervisor Connor pointed out to him that the board should take an active interest in the relief setup and see to it that each town got its share.

Eliminate Poor Relief

County Highway Commissioner James Lewis took the floor for a minute and said that "after December 1 there won't be any poor relief." He stated that the highway commission wanted Wood county to have a $5,000 payroll by Saturday night. He further stated that men working on the civil works projects will receive their pay in cash every Saturday night.

Ben Hancewicz reported that there were 35 men on the fire lanes job in southwestern Wood county today and that as soon as surveys were completed there would be 500 men on the job.

On roll call on the resolution, Supervisor Fred Athorp, Rudolph, was the only one opposing the change and he pointed out that although he was personally in favor of the change, his electors had opposed the county system whenever they voted on it.

Table Resolution

The clerk asked what was to be done with resolution number 7, the measure which called for strict enforcement of the township system of poor relief through the abolition of all forms of pensions paid by the county and other relief items borne by the county in the past. R. A. Connor, who offered the resolution last week, moved for tabling of the paper and the vote was unanimous.

A claim for damages was brought by S. D. Shambeau, Waupaca, as a result of being unable to move cattle during the farm strike because of what he termed "riotous conditions and violence in Wood county not controlled or subdued by the proper authorities of Wood county." He asked $150 in damages, saying he was unable to move 15 head of cattle from the Riska pasture, six miles west of Marshfield to Waupaca between October 19 and November 10, 1933. The claim was referred to the judiciary committee.

The recommendation of the agricultural school trustees for $7,000 for operating expenses for 1934-35 was referred to the finance committee.

A letter was received from the Wisconsin Anti-Tuberculosis association in which it was urged to continue the county nurse.

Asks Agent Continued

W. W. Clark, Hansen supervisor, offered what he termed his "swan song" in a resolution calling for continuance of the county agent's office and the appropriation of $3,000 for expenses for one year, the measure pointing out that "the government setup is such that it is possible to get a large amount of federal money into the county through federal loans," (feed loans, corn and hog program, etc.)

Supervisor Hoerl asked if it wouldn't be necessary to employ another man to handle the federal farm loans if the county agent were not employed next year.

Supervisor Clark felt that such a thing would be necessary. He said that "maybe this resolution will be my swan song," but said further that he could see where his township would receive $1,500 to $2,000 in farm livestock feed relief alone.

Supervisor Abel was happy to see the farmers ask retention of the county agent and the roll was called. Supervisors Kolstad, Auburndale town; Amundson, Carry; Dow, Hiles; Rub, Milladore town; Butler, Richfield; Athorp, Rudolph; Thomas, Sherry, and Haas, Sigel, voting against continuance.

A resolution by the finance committee asking that a $2,609.03 deficit on the books of the agricultural school be wiped out was given the board's approval.

Comings and Goings of LOCAL PEOPLE

Lincoln P. T. A.—
A large crowd of parents of Lincoln school students were present for the November meeting of the Parent-Teachers association held in the high school music room last evening. Two well received talks featured the program, "What the Parent Expects of the School" by John Roberts and "What the School Expects of the Parent" by Principal A. A. Ritchay. They were not given in the form of a debate but as a simple and straightforward discussion of what each thought the other could do to better the status of the student. The meeting opened with community singing followed by musical selections by the Three Musketeers, Billy Timm, Keith Roberts and Delmar Trantow and several songs by the high school Choral club. The meeting closed with a display of wall hangings and block prints and an explanation of the designs and their value given by Miss Elizabeth Kruse, art instructor. Refreshments were served.

CONFUSION ENDED ON BRAN

New Ruling Corrects All Labels

To protect the buying public, the United States Food and Drug Administration has advised that every package of cereal labeled "Bran" state on the label exactly what it contains.

Before this ruling, even part-bran products were sometimes mistakenly referred to as "Bran." It was not easy for the purchaser to distinguish between a cereal that was entirely bran, or all bran with flavoring, and another that was mostly wheat.

Kellogg's ALL-BRAN is labeled "ALL-BRAN Deliciously Flavored with Malt, Sugar and Salt," a statement which describes the product fairly and honestly.

Kellogg's ALL-BRAN has won millions of friends because it corrects most types of common constipation safely and pleasantly. It furnishes generous "bulk"—needed to promote normal elimination.

However, ALL-BRAN is not a "cure-all." Certain types of intestinal disorders should be treated only on a physician's advice.

When you buy a bran cereal, for the relief of constipation, read the wording on the package. The facts are there! Make sure by asking for Kellogg's ALL-BRAN. It furnishes "bulk" in concentrated form for satisfactory results.

At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

WHETHER it's a steak, a roast, chops or poultry, do not forget that cranberries will make them taste better—The flavor and the bright red color of cranberry sauce is just right.

"10-Minute" Cranberry Sauce (Stewed Cranberries)
Boil 2 cups of water and 1½ to 2 cups of sugar together 5 minutes, then add 4 cups Eatmor Cranberries. Boil without stirring (5 minutes is usually sufficient) until all the skins pop open. Remove from fire when the popping stops, and allow the sauce to remain in vessel undisturbed until cool.

Brundage Will Continue As A.A.U. President

Followin' Through

BY J. E. F.

The Rhinelander Hodags are making a serious threat to win the Wisconsin Valley championship this year. Anyway, you would almost think there were at least five champion players and another five good reserves in a squad of 85. That is what Coach Bert Tragiai has to work with. He issued a call for candidates for the basketball team Friday night and a small army reported, ranging from dwarfs to giants; from speedy men to those that stay too long in one place.

* * *

Tragiai has four lettermen returning, Perrault and Harvey, last years regular forwards, and Johnson and Miles, reserves of last season. The Hodags start their season with a game with the Shawano team there on Friday, December 1. They will play two other games before the Christmas holidays.

* * *

Baseball isn't back in the spotlight again. Proof is that the two players have passed out of the picture, for a time at least, and only for a visit. Joe Judnick and Johnny Oberg left for their homes in Illinois for an "extended stay." They will be back next year to play first base and catch, respectively, for the local city team in the State league.

* * *

But if it seems that the Rhinelander Hodags have a big squad, Coach Mike Cvengros of the Antigo high school had just five men more when he issued his first call for practice. But maybe so many candidates doesn't mean a good squad, because all that Cvengros has now is 17 men. Only two of the lot are seniors, the rest, 12 juniors, two sophomores and a freshman. They are kind of classed as that old hobby—the dark horse.

* * *

Antigo will also open its season against Shawano, when they play them at Antigo this coming Friday. Maybe we will know something about what Antigo has after that game, but Klandrud shouldn't worry about it, his team doesn't play Antigo.

* * *

But when it comes to classing different schools as dark horses, sports writers of the valley are all caught up putting Nekoosa in that column. Henceforth it will be taken for granted that Nekoosa has a good squad and a top notcher, regardless of what the advance dope says.

* * *

In football we predicted the Alexanderites to finish near the bottom with the locals up in the top rung. But instead the tables went vice versa.

* * *

Wonder what the Nekoosa boys will have this year. Whatever they have, it will probably be just as good as the ones the locals put on the floor, regardless of what the locals do put on the same floor.

* * *

The All Valley team picked by the coaches and sports writers should be ready for publication in a few days. In all probability, there will be a majority of Wausau men on the team, perhaps two men from Rhinelander with the rest divided up among the other schools.

* * *

Coach Klandrud intends to have the freshman team, the second team and the reserves under him throughout the year. He stated that he would carry 12 or 15 of the most likely looking freshmen.

* * *

Another startling new National Professional league hockey rule is that players may not pass a dotted line 57 inches in front of the goalies cage. This is one rule that seems rather thoughtless of the boys that make the regulations. The rule was made so as to do away with the roughing of the goalie, but it will also diminish a number of the goals that are made. A player will shoot, the goalie will stop the puck, and if the men follow in the shot, many times they can register by hitting the puck in after the goalie has stopped it. If the players are not allowed to go nearer than 57 inches to the cage, it appears there will be no more follow in shots in professional hockey.

GROUP VOTES TO PROTEST GERMAN JEW STRICTURES

Pittsburgh, Nov. 21—(.P)—The amateur athletic union, facing what may prove to be the most critical year of its history, today called on Avery Brundage of Chicago to remain as president for another term. He accepted.

Brundage had planned to retire after holding the post since 1928 but the action of the convention in voting to withhold its team from the 1936 Olympiad at Berlin unless Germany removes its restrictions on Jewish athletes raised a contentious international question which he felt he should aid in solving.

Sixth Team

It will be his sixth successive year as head of the A. A. U., the longest tenure of office in the 45-year history of the organization.

His nomination by caucus was unanimous and he is to be elected formally as the last business of the convention late today.

Final action on retention or rejection of the metric system for running events in the union's national track and field championships also comes up today.

Retain Metric System

It is believed the system, adopted by the convention last year, will be retained. The track and field committee unanimously recommended such action to the convention and the first test vote on the question in the general committee showed an overwhelming favorable sentiment.

Its finances sharply curtailed by the depression, the Union will seek new economies and new sources of revenue in its final sessions. An effort to abolish the office of assistant to the president, held by J. Lyan Bingham of Chicago, is in prospect, and it is considered likely the salaries of other paid officers will be trimmed.

Olympic Meeting

After the close of the convention tonight several of the delegates will proceed to Washington for the meeting Wednesday of the American Olympic committee, of which Brundage also is president.

It was to the Olympic committee that the Union's resolution on the 1936 Olympiad was addressed with a request that United States delegates to the international Olympic committee be instructed to appraise Germany of the matter.

Schuelke Stars In Badgers Workout; Polish New Plays

Madison, Wis., Nov. 21—(.P)—Wisconsin regulars stood around in civilian clothes and sheepskin jackets yesterday, watching the reserves go through a scrimmage with the freshmen in which several new plays were executed in preparation for the invasion of Minnesota.

Of the regulars who saw action against Ohio State, only Tom Fontaine, Milt Kummer and Capt. Hal Smith were injured. Fontaine appeared on the practice field yesterday but Kummerf and Smith were missing, the latter being confined to the infirmary. All are expected to be in shape by Saturday.

Karl Schuelke, 200-pound Marshfield sophomore halfback, was the shining light on offense for the reserves against the freshmen, tearing through the yearling line time and again and making long gains through the frosh secondary. Schuelke is expected to have a big day against Minnesota provided he regains the confidence that marked his excellent play against Purdue.

The workout yesterday indicated that Coach Spears will pull some new formations and plays out of the bag when the Badgers and Gophers clash at Minneapolis. The Badgers will be the underdogs but they were the underdogs last year when they won 20 to 13. If the squad is not hampered further with injuries, the Badgers may surprise the Gophers like they surprised the Ohio State Buckeyes.

GAZELEY ROLLS TO WHEELAN'S RECORD OF 267

Three games of 267, 242, and 205 for a total of 714 pins speaks for itself, and that is what Charles Gazeley did last evening on the Wheelan alleys in the major league while bowling with the Ragan furniture keglers. The former high mark on the Wheelan alleys for the major league took a beautiful tailspin, and in it's place went a mark of 714 pins for the best three games mark of any of the major bowlers yet this season. But the same holds good for single game scores and Charlie Gazeley's mark of 267 pins in his first game gives him high in this department also for the major bowlers so far this season.

Kroll Second High

But Gazeley just nosed out a trifle ahead to ring up the honors in the single game department, because close behind coasted Dick Kroll with just a single pin separating his score from this high single game honor. Kroll marked 266 pins in his third game.

The major bowlers expressed the fact that they were major bowlers, and exceptionally fine scores were recorded last evening. Dick Kroll totalled 653 pins in three games; Phillip Zeaman registered 613 pins in his three games; and there were 21 scores of 200 or more for single games. The Prentiss-Waber won two out of three games from the Idle Hour Tavern keglers and in so doing rolled the highest team score of the evening for one frame with their mark of 1,034 pins. In the other match of the evening, the Ragans' took two out of three from the Warzinske' keglers.

Football Men Join Chandler Cage Squad

Milwaukee, Nov. 21—(.P)—Seven members of the Marquette university football team have joined Coach William Chandler's basketball squad, bringing the total number of varsity cage candidates to 30.

Lettermen who appeared yesterday from the grid group were Adolph Gorychka and Ray Morstadt, forwards; Ernest Kukla, center, and Wayland Becker, guard.

The Hilltop cage season opens December 6 against the Oshkosh Teachers.

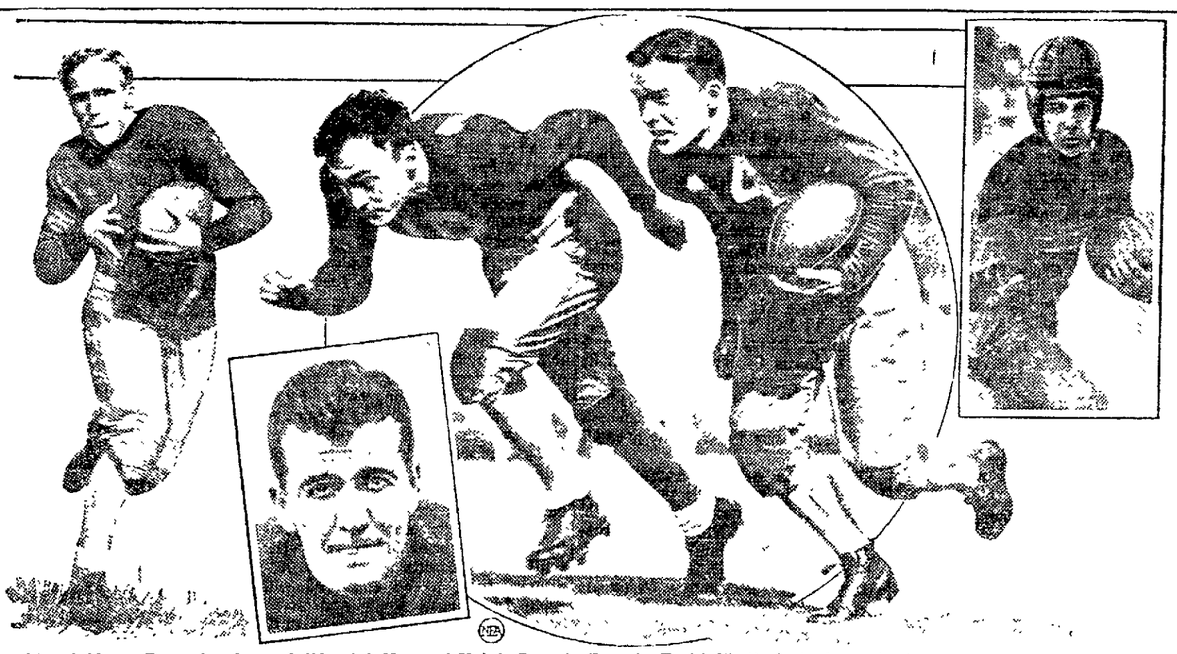
High Steppers in Saturday's Grid Headliners



Army-Navy! Notre Dame-Southern California! Harvard-Yale! Georgia-Georgia Tech! That's just about the best bill of fare handed grid fans so far this season. Here are five backs who are expected to furnish fireworks in these games—left, "Cotton" Warburton, the Trojans' mighty mite quarterback; lower left, Tommy Curtin, Yale's sparkplug half; center, Sam Brown and Homer Key, Georgia's blocking and running combination, and Jack Buckler, star of this year's Army squad, right.

35 CAGERS OUT FOR HIGH TEAM

In response to Coach Carl Klandrud's call for basketball practice at the local high school for the first time this year, 35 men reported. The team shapes up as light and fairly fast, with a number of last years regulars returning for competition.

Weinbauer, Miller, Kohnen, Joslin, Davis and Sweet are the most promising of the group. The first four named were regulars of the high squad last year while Sweet and Davis were capable reserves.

The locals do not open their basketball schedule until December 8 when they meet Beloit, state champions last year, on the Lincoln field house floor. Ten games are already definitely scheduled for the locals, with promise of perhaps two or three more. The 16th of December, the Wausau Lumberjacks will be host to the locals in what should be a deciding game in the conference, regardless of the fact that it is an early season one.

In the next game the locals will be pitted against Marshfield here. Then follows two open dates on the 29th of December and January 5th. The practice last night dealt mostly with the limbering up of the players. Intense workouts will probably not start until next week when the players will start drilling for their first game against Beloit, who should not only prove a real test, but who will tell the locals what they really have to present in the Valley conference this year.

The schedule follows:
December 8: Beloit here.
December 16: Wausau there.
December 22: Marshfield here.
December 29: open.
January 5: open.
January 12: Stevens Point there.
January 19: Nekoosa there.
January 26: Wausau here.
February 2: Marshfield there.
February 9: Nekoosa here.
February 16: Stevens Point here.
February 23: open.
March 2: Merrill home.

Two Old Rivalries Renewed Saturday

New York, Nov. 21—(.P)— Your real dyed-in-the-wool eastern football fan annually sees to it that he is sitting in the stands when Army plays Navy and Harvard collides with Yale but the schedule makers have crossed him up this time. They'll be playing both games this Saturday, the one at Philadelphia, the other at Cambridge, leaving Mr. John H. Fan in a dilemma of considerable magnitude.

The renewal of these two bitter rivalries, among the oldest and most spectacular of the sport, overshadow all other games on the eastern program.

"Cotton" Warburton, U. S. C. Star, 147 Pounds Of Fight

Los Angeles, Nov. 21—(.P)—For the particular interest of Notre Dame followers who remember his returns of punts which paved the way for the Ramblers' defeat by Southern California last year, Irvine Warburton, cotton-topped welterweight of the gridiron, is still on the loose.

Only this season, "The Scooter" as his opponents have dubbed him, has done a lot of other things besides stage wild runs—if that isn't enough.

This mighty mite, who has difficulty tipping the beam at 147 pounds and can't for the life of him stretch his height to five feet seven, was giving a big halfback a personal lesson in blocking when Troy's lead man, Howard Jones, showed up for practice against Notre Dame yesterday.

One-Man Team

"That's what I like about him," said Coach Jones. "Show me one player who has done more for his team than has Warburton. He beat California single-handed, the pictures show half a dozen players tried to tackle him on that 59-yard run. He got almost no help in his 43-yard run to a touchdown against Stanford."

From Coach Jones, such a remark about a player, not to mention a junior, was precedent setting. Few senior stars ever rated that much. So the files were dug up for the season. In every important game Warburton's work stood out.

Beat Washington State

Against Washington State he broke up a tight ball game with dashes of 75 and 80 yards to touchdowns. It was his run on a fake lateral which put the ball on the 5-yard line for Troy's first touchdown against St. Mary's.

In the Oregon State game he sponsored the attack which took the ball to the Beaver 19-yard line in the second period. Coach Jones took him out to put more power and beef into the backfield and the drive ended there.

Came the California game, with the Trojans trailing 3 to 0 and the game nearing its close. Cotton, who had been injured in the first half and almost overlooked in the dressing room when the second half call came, was sent in. His run is history.

Unstoppable

Stanford stopped everything Southern California had but Warburton. Another of his single-handed, unassisted dashes through the secondary brought Troy's lone touchdown.

Then someone mentioned to Coach Jones they hadn't seen Warburton on the receiving end of a forward pass. Jones showed the football world that play Saturday as Oregon's previously unbeaten and untied team went down to defeat.

Warburton hasn't returned many punts or kickoffs this year. His opponents have put them where he isn't.

Green Bay Heavy Wins Valley Show

Green Bay, Wis., Nov. 21—(.P)—Adolph Winter, Green Bay heavyweight, scored a technical knockout in the fifth round of a scheduled eight round bout with Merrill Tonn, Chicago, in the windup of the Fox River Valley Athletic club boxing show here last night.

Winter opened a deep cut over Tonn's right eye in the fourth round and Tonn was unable to continue the match. The Green Bay fighter was credited with every round. Winter weighed 187 and Tonn 191 1-2.

In the six round semi-windup Eddie Black, Milwaukee, 136 1-4, outpointed Herbie Thompson, New London, 140 3-4.

Speedy Quick, Iron Mountain, Mich., 117 3-4, won the decision from Frank Mirabal, Argo, 118 3-4, in four; Chief Miller, New London, 161 1-4, scored a technical knockout over Frank Kay, Sobieski, 162, in the third; Johnnie Polaski, New London, 143 1-2, outpointed Bull Ferzacco, Iron Mountain, 142 3-4, in four, and John Mirabal, Argo, Ill., 140 3-4, won the decision from Harold Flody, Racine, 125 1-4, in six rounds.

Michigan State Wins Cross Country Title

New York, Nov. 21—(.P)— Another young man has come out of the west to take the I. C. 4-A cross-country title out beyond the Alleghanies for the second time in the 34-year history of the six-mile chase.

He is 23-year-old Tom Ottey, lanky blonde from Ardmore, Pa., who outstepped a field of 118 in the classic yesterday and paved the way for his school, Michigan State, to capture the team championship which never had gotten further west than Pittsburgh before.

Ottey was clocked in 30 minutes flat for the gruelling course in Van Cortlandt park as he beat Joe Mangan of Cornell, intercollegiate mile champion in 1932, by 40 yards and duplicated the feat of Clark Chamberlin, another Michigan State star who won the individual crown three years ago.

Wrestling Results

(By the Associated Press)

New York— Jim Browning, 230, Verona, Mo., threw Gus Sonnenberg, 205, Boston, one hour, 10 minutes, 26 seconds.

Camden, N. J.—George Zaharias, Pueblo, Colo., defeated Dick Rains, Texas, two falls to one.

HEIN ROLLS 651 ON ELKS ELLEYS

Andy Hein monopolized the honors on the Elks alleys for the City league bowlers last evening, and to show that his lease wouldn't expire for one evening at least, he rolled two games that tied for high single game honors. The two scores were each 220 pins. Add to that one other game of 211 pins and there is the high three game total mark of the evening. After they have been added, there is a score of 651 pins which is just 41 pins better than Ed. Wittig, the next high man could accumulate. Hein led the Rapids Beverage keglers to a majority of winning games over the Bossert coals. Or in other words the beverage team copped two out of three games.

But while these two teams were performing on alleys 5 and 6, on alleys 1 and 2 some close scores were being recorded before the Fairway Foods finally took the majority of pins in the third game to decide the match in their favor over the Germann Jewelers.

MOST BIG TEN TEAMS REPORT MANY CRIPPLES

Chicago, Nov. 21—(.P)—Coach Clark Shaughnessy, who finishes his first Western Conference season Saturday when the Maroons meet Dartmouth, says that defensively, at least, the Big Ten is the toughest league in the country.

Last night a statistician revealed that Chicago has gained 1,060 yards from scrimmage against five conference opponents—and scored only one touchdown.

"The fact that we scored only one from all that yardage", Shaughnessy said, "speaks for itself. It certainly is a tough league defensively. I'd like to play all our conference games over again."

"Bear" Stories

If reports from the camps are rather than bear stories, most of Saturday's games will be played by cripples. Only Chicago and Illinois failed to come up with harrowing tales of injured stars.

Ohio State, which meets Illinois in one of the important battles of the day, reported four leg injuries to regulars. Captain Dutch Fehring of Purdue probably will not be able to lead the Boilermakers against Indiana in the traditional "old oaken bucket" struggle. He suffered a leg injury in the losing battle with Iowa. Duane Purvis, ace of the Purdue backs, reported with a wrenched shoulder.

Wildcats Lose Kawal

Northwestern will face Michigan without Al Kawal, star guard, whose old shoulder injury was aggravated. Willie Cruice and Ollie Olson, regular backs, also were badly battered in the Notre Dame game, but probably will be in there. Michigan reported John Kowalik, Willis Hildebrand and Whitey Wistert were injured.

Wendell Walker, Indiana's best fullback, has a pair of fractured ribs, and Jack Spencer, center, limps from a charley horse.

At Minnesota Biese, Captain Oen, Seidel, Sawyer and Bacan required extra attention from the trainers, while Wisconsin had two backs, Captain Hal Smith and Tom Fontaine, on the sidelines from injuries suffered in the Ohio State game.

At Iowa, Joe Laws, Bernie Page, Dick Crayne and Francis Schammel failed to report for practice yesterday, but are expected to play against Nebraska.

Spartans Lead Loop In Offense, Defense

New York, Nov. 21—(.P)— The Portsmouth Spartans lead the rest of the National Professional Football league both on offense and defense, the latest team statistics revealed today.

The Spartans have gained 2160 yards in nine games for an average of 240 yards per contest, for a narrow lead over the Boston Redskins whose average of 238 1-2 has been gained with 2385 yards in ten games. Brooklyn stands third with an average of 225 617 and the Chicago Bears fourth with 215 4-9.

On the defense, the Spartans have allowed the opposition an average of 156 4-9 yards per game against 157 1-10 for the Green Bay Packers, the leader in this department most of the season. The Bears stand third with an average of 161 8-9 and Brooklyn fourth at 181 3-7.

Brooklyn has completed 55 of its 120 passes, or just under 46 per cent. Green Bay, with 63 completions in 143 attempted passes, stands second with 44 per cent. Brooklyn likewise leads in another department, permitting the opposition only 4 4-7 points per game against 54 9 for the Bears, and 5 8-9 for Portsmouth. The New York Giants lead all others in scoring with 170 points in 10 games.

Gold Price Boost Again Fails To Stimulate Exchange

Dollar Rates Fall Lower; Market Timid

BY VICTOR EUBANK
(Associated Press Financial Writer)

New York, Nov. 21—(AP)—Financial markets displayed a few cloudy spots today notwithstanding the fact that the gold price was again boosted a dime an ounce and international dollar rates slipped to lower levels.

While both buyers and sellers were rather timid at times, and there was quite a bit of profit taking following yesterday's substantial rally, most stocks leaders were not unduly depressed.

Softness of the alcohols was attributed to renewed fears of high costs and heavy taxes. The Pennsylvania senate approved the house bill imposing a tax of $2 a gallon whiskey in bonded warehouses prior to repeal. National distillers and Schenley are principally affected by this new tariff. The tax does not apply to liquor manufactured and sold after repeal.

With the dollar declining almost daily, some foreign observers have expressed surprise that England has not already stepped in to halt the soaring pound. Others, however, feel there may be some sort of an agreement between the American authorities and the bank of England whereby the British will remain neutral during the administrative experiment which envisages the raising of commodity prices through the depreciation of dollars.

This Anglo-American "understanding," of course, bankers say, may be merely in the rumor stage and it is considered possible the British might start reprisals when sterling gets up around the $6 level. Some financial circles, though, point out that British retaliation, through the use of the bank of England's huge equalization fund, would be a little difficult. The English, heretofore, it was explained, have been able to keep the pound down in relation to French francs by purchasing the latter currency. But England has been able to change the francs into gold, if necessary, whereas buying dollars, which are not on a gold base, might subject the British treasury to a heavy loss because the American money could not be redeemed.

CURB MARKET IRREGULAR

New York, Nov. 21—(AP)—Irregularity returned to the Curb market today coincident with heaviness in the alcohol shares.

Traders attributed selling of the repeal stocks largely to uncertainties surrounding prospective taxation.

Metals, which rallied yesterday, met profit-taking which cut more than 2 points from Aluminum of America. Lake Shore Mines eased slightly but Newmont exhibited early firmness. Utilities were about steady.

Mixed movements occurred in specialties. A. O. Smith and Great Atlantic & Pacific worked higher, while Swift & Co., sagged.

FOREIGN EXCHANGE

New York, Nov. 21—(AP)—Foreign exchange strong, Great Britain in dollars, others in cents. Great Britain demand, 5.38; cables, 5.38; 60 day bills, 5.37; France demand, 6.46; cables, 6.46; Italy demand, 8.71 1-2; cables, 8.71 1-2.

Wheat Price Drops After Early Rally

BY JOHN P. BOUGHAN
(Associated Press Market Editor)

Chicago, Nov. 21—(AP)—Late rallies in wheat prices today lifted the market to materially above yesterday's finish, but the gains failed to hold.

Enlargement of speculative buying accompanied the advance, and was attributed to reports in some quarters that notwithstanding denials the wheat crop damage developments in Argentina were serve. British and Canadian advices tended to confirm Argentine damage.

Wheat closed nervous at 1-8 decline to 1-4 advance compared iwth yesterday's finish, Dec. 88 7-8 @ 89, May 92 3-8 1-2; corn 3-8 @ 1 cent down, Dec. 46 7-8 @ 47 1-2, May 54 @ 54 1-8; oats unchanged, and provisions unchanged to 32 cents lower.

Goldamer Denies Fraud Case Guilt

Marshfield, Nov. 21—(AP)—Charles Goldamer, Clark county Holiday president, bound over to circuit court for trial on the charge of selling mortgage property, today declared he was not guilty and offered a written statement providing his contention that Jake Meyer has assumed the mortgage as part of an automobile transaction.

Goldamer is charged with selling an automobile upon which was a $50 mortgage. Complaint was brought by the H. H. Motor company, Colby. The automobile was traded to an Abbotsford firm. A member of the Colby firm gave his verbal approval. The Abbotsford firm conducted by Meyer has since paid the Colby firm $25 on the mortgage.

ALLOT COUNTY $126,000 FOR PUBLIC WORKS

(Continued from Page One)

surfacing, 1,300 man hours, $1,000.

11.

County trunk "P" section corner common to sections 5 and 6 and 31 and 32 in Towns of Sigel and Sherry, westerly 2 miles, pit run gravel surfacing, 2,600 man hours, $2,000.

12.

Marsh road, a town road in the town of Rudolph from junction with county trunk "F" and old state trunk highway 45, northerly 4 1-2 miles, gravel surfacing, 3,200 man hours, $2,500.

Costs $40,000

Total estimated cost of the Wood county highway civil works program listed above by W. J. Haselton, head of the division highway office in this city, is $40,000. These projects if all accepted and carried out in the program will produce 52,100 man hours of labor.

Wages will be 50 cents per hour and the work week will be five days of six hours, or a thirty hour week. Men will be transported to outlying projects, if unemployed are taken from cities, by county trucks. No traveling expense will be allowed. Mechanics' scales will be from 45c to $1.10 per hour. Team hire is 90c per hour, being 50c per man and 80 per cent of the man's pay for the use of the team.

It is understood the same compensation and hours apply to the conservation projects. No estimate of the conservation projects have been made although an allowance of $60,000 is said to be made for the county on this work.

Runs 10 Weeks

Men are to be hired for these civil works projects for ten weeks. It is stated that the duration of the employment is based on the available appropriations for the state. Although from reliable sources, it is understood that congressional and administration leaders in Washington have given assurance that additional appropriations will be made when congress convenes soon and that the work will be carried on during the winter.

Those already employed in Remington have been taken from the south Wood county relief lists. Additional men to be employed will come from both south and north county lists in equal numbers until the lists are exhausted of those physically fit for these work projects.

City Selects Streets

When officially notified by the highway commission today of the allotment of part of the civil works funds to the city for outdoor relief on city streets, City Engineer Gross set out to locate eliqible jobs. His selection, subject to the highway department's approval are as follows:

Gravel surface on Seventeenth avenue south, between Grand avenue and Gaynor street (packing house road); same surfacing for Seventeenth avenue north from Grand avenue to Green Bay tracks; same surfacing for Freemont street from Eighth avenue to Fourth avenue; same surfacing for Plover street from Second street north to Tenth street north; same surfacing for the three hill streets, Wisconsin, between Eighth and Fifth; Avon between Eighth and Third, and Saratoga between Oak and Baker streets. The last project is the graveling and surfacing of East Grand avenue from Eighth street to Fourteenth street.

May Not Cover

Mr. Gross stated that he was not certain whether there was sufficient funds in the appropriation to cover all these projects or not as he had made no estimate of the cost.

He said he believed that the gravel surface proposed for the three streets down hills on the east side would materially improve the streets and prevent continual washing out as is the case now. He said if the surfacing with gravel was done on any of the streets, his department would run graders continually over the new surface to break up frozen gravel. "We will not have a smooth surfaced street on any of the projects until next spring because winter construction can not produce smooth street surfaces," he said.

One other street included in the county highway project is one-fourth of a mile in the city limits on the marsh road, the old Rudolph road.

Express Approval

County and city officials and businessmen in this city and vicinity, upon learning of the civil works projects and the many jobs for the unemployed and those on relief lists expressed great approval of the projects and predicted real benefits from the program which provides immediately over $125,000 to the unemployed in the county. Unofficially it was stated that of all the money expended close to 70 per cent will be for labor alone.

Ask Discontinuance Of Bancroft Station

A hearing will be held at the court house here Tuesday, November 28, at 10 o'clock on the application of the North Western railway to the Wisconsin public utility commission for permission to discontinue Bancroft as an agency station and to operate it as a prepaid non-agency station, with a caretaker in charge. It is asserted by the railroad authorities that the business done at Bancroft does not warrant its continuance as an agency station.

The change would mean that hereafter all shipments in or out of Bancroft must be prepaid as there would be no agent there to handle the business. The caretaker distributes freight but engages in no business involving an exchange of money.

Tickets are not sold at a prepaid non-agency station. Passengers boarding the train purchase their tickets from the conductor on the train. Flag stops are made for passengers leaving the train at such stations.

The MILWAUKEE ROAD

A Public Statement: —

We wish to thank the city of Wisconsin Rapids for the fine cooperation extended the farmer-producers of this vicinity during the past market season in this city. By unanimous vote of our board, resolutions of thanks were voted to Mayor Fred J. Whitrock, the members of the city council, the city engineer, police department and city sealer for the use of the two public squares and for service rendered through the various departments of the city in aiding us to operate an orderly market during the past season.

Our board wishes to thank the public of Wisconsin Rapids and community for the liberal and steady patronage given our members on the markets during the season. Without the loyal support of the consumers, our market would not have been the success it was.

When the farm strike was called, our market came to an abrupt end and our association was forced to abandon a gala closing market event. We had no control over the conditions which prevented us from completing our market program and we regret our inability to finish the season.

The market program during the last season was made possible by a fine spirit of cooperation of our own members, and because we received fine support and real assistance from the old Wisconsin Rapids Public Market Association (curb market), the businessmen of Wisconsin Rapids, the press, County Agent H. R. Lathrope and the Wisconsin Department of Agriculture and Markets, to all of whom we owe our sincere thanks.

TRUMP TAKES UP A LOSER

Clever Discard Permits Declarer to Make Extra Trick and Gain Top Score in Duplicate Play

Solution to Previous Contract Problem

BY WM. E. McKENNEY
Secretary, American Bridge League

Every bridge player is familiar with the fact that when he has losing cards of a suit, he must try to establish some other suit on which to discard these losers, if they cannot be ruffed off. While some exceptionally fine plays are made to establish these side suits, they really are not unusual. The unusual is the discard of a losing card on a trump, and that is the play brought out in today's hand.

John H. Law of Cleveland, one of the outstanding contract players of the middle west, received top score on this board, making five odd by accomplishing this exceptionally fine play.

While West's overcall of one spade vulnerable cannot be criticized, I personally prefer to use the negative double, in which case East would respond with spades.

However, the final contract undoubtedly would be the same.

The Play

West opened the king of spades, which Law, in the South, trumped with the four of hearts. He then led a small heart and won in dummy with the jack. His next play was a small diamond, finessing the jack from his own hand and West winning with the ace.

It still looked as though Law would have to lose a diamond trick. West continued with the queen of spades, which Law ruffed with the nine of hearts.

Law then led the five of clubs. West went in with the jack and continued with the jack of spades—and here is where Law made the exceptionally fine play.

He trumped with the ace of hearts, and then led the ten of hearts, winning in dummy with the queen.

The king of hearts then was played and on this Law discarded his losing six of diamonds. Now, as the club suit broke, he had the rest of the tricks.

By discarding a losing card on a good trump, he had made an extra trick.

Today's Contract Problem

West holds the following hand against South's three no trump bid. He opens the four of spades, which East wins with the king. East returns the jack, South covers with the queen, and now what is West's proper play?
